Exploring Shingle Styles and Colors *with Nancy Fire*

Nancy Fire, Co-Founder and Creative Director of Design Works International, has defined an exciting trend — taking the Inside Out.

The color and style of your shingle are important! They go hand in hand when considering what shingle to use on your roof. After all, your roof represents up to 40% of your home's curb appeal, so it will always have a big impact on your home's overall look.

Choosing colors for your home's exterior is fun and exciting — and it's also a very significant decision. Remember, the color palette you select won't change with the seasons; it's going to be part of your home for the long term. So whether you like bolder colors that make a statement or prefer more subtle, softer tones, you want to be sure that the palette you choose today is one that you'll still enjoy on your home years from now.
